

TRENDZ ENERGY WEEK EXPO

DATES

28 NOVEMBER – 02 DECEMBER 2022

1. PROJECT BACKGROUND

Trendz Communications along with its partners is hosting Energy Week Expo for various role players in the energy sector. This is an opportunity to enable exhibitors in the energy sector to exhibit their products and services at the Energy Week Expo.

The exhibitors include companies, institutions, regulatory bodies, and individuals who have a role to play in the energy sector directly and indirectly. The main objective of this energy expo is to empower the end users (public) i.e., understanding the energy sector operations and opportunities, technology available in the sector and possible career opportunities for young people.

This crucial sector contributes R64.3 billion to the country's GDP. It also plays a critical role in promoting employment, enabling growth in business industries, saving lives by supporting health sector, sustain and supporting the economy.

In this weeklong program, we invite all stakeholders including industry professionals, manufacturers, academics, activists and retired practitioners to celebrate the sector and educate the overall public on issues of energy through exhibitions
